

A schematic diagram of a heart, showing the four chambers: Right Atrium (RA), Left Atrium (LA), Right Ventricle (RV), and Left Ventricle (LV). The diagram illustrates a Septal Perforator (PFO) located in the Septum (SS) between the RA and LA. The PFO is shown as a narrow opening (12) through the Septum (SS) (14). The PFO is surrounded by a narrow channel (10) and is connected to the RA and LA. The PFO is also shown in cross-section (16) and is surrounded by a narrow channel (SP). The PFO is shown in cross-section (16) and is surrounded by a narrow channel (SP). The PFO is shown in cross-section (16) and is surrounded by a narrow channel (SP).
